NEW YORK'S LEGISLATURE REPUBLICAN BY OVERWHELMING MAJORITY.

The magnitude of the Republican victory at the polls yesterday is told in the very complete returns which THE SUN puts before its readers this morning. It is a clean Republican sweep from East to West. In New York State the Republicans have had another tidal wave vote, with a plurality running up toward 80,000. The Legislature is overwhelmingly Republican, and in the selection of local officers in the cities and towns the Republicans have a very great advantage.

in Massachusetts, Greenhalge (Rep.), for Governor, has an estimated plurality of nearly 70,000, a gain of 5,000 over his plurality last year, when Massachusetts assisted so liberally

New Jerrey elects a Republican Governor and a Republican Legislature. The majority is not far from 20,000.

Maryland ghes Republican by a plurality of about 20,000. Baltimore is Republican by probably 3,000. The Legislature is probably Republican on joint ballot, insuring a Republican successor to United States Senator Gibson. Senator Gorman loses his own county, Howard, by more than 500.

Kentucky apparently has elected Bradley, Republicar, for Governor by from 5,000 to 10,000 plurality. The Republicane claim 15,000. The Legislature is in doubt, with chances favoring

The indications are that Bushnell, Rep., has carried Ohio by more than 80,000 plurality. Gov. McKinley asserts that the figures will reach 100,000. McKinley's plurality two years ago was 81,000. The Legislature is overwhelmingly Republican, thus ensuring the election of a Republican to succeed Calvin S. Brice in the United States Senate.

Mayor Pingree carries Detroit by 10,000 majority, an increase over his last victory. He is the only man to be elected Mayor of Detroit four

Mississippi elects a Democratic Governor by 40,000. His only competitor was a Populist. Virginia elected only a State Legislature. The indications are that the Democrats will

have their usual majority.

The Republicans elect their State ticket in lows by about the same majority as last year, when they carried the State by 79,000 majority. The Republican State Committee claims 75,000 as the lowest plurality for Drake, their candidate for Governor. The Legislature will be everwhelmingly Republican.

in Nebraska the election was for one Justice of the Supreme Court and two Regents of the State University. The indications are that the Republican candidates were successful by substantial majorities.

Utah voted for Statebood, a Congressman, State officers, and a Legislature which will elect two United States Senators. The returns are very meagre, but they indicate that Statehood has been carried. The result on Congressman, State officers, and the Legislature cannot he estimated from the few scattering returns received up to the time of going to press.

21. *THE ASSEMBLY. Gen. Anderson, Chairman of the Democratic State Executive Committee, at the same hour

Gen. Anderson, Charman of the Democratic State Executive Committee, at the same hour admitted that the face of the returns received indicated a plurality of at least 40,000 for Bushneil. He hopes, however, that later returns will be more favorable.

It is aimost certain that the Republicans will have a large majority on joint ballot in the General Assembly, probably greater than the majority in this Legislature.

It is evident that the Republicans have carried the State by a plurality equalling that of McKinley two years ago. The precincts show a net Republican gain of one vote per precinct over that vote. As there are 2,952 precincts in the State, these figures indicate that Bushneil's plurality will be about 83,000.

McKinley made 137 speeches in forty-three counties. Friends of McKinley proclaim tonight that the result in Ohio to-day puts him first in the list of Presidential possibilities.

Governor-elect Bushneil belongs to the Foraker faction, and will fill the State House with that kind of Republicans. Later reports show a gain of 7 to the precinct over the vote of 1893, If this keeps up. Ohio will go 100,000 Republican. The Legislature may be more than two-thirds Republican.

CINCINNATI. Nov. 5.—The Blaine Club estimates Bushneil's majority in Hamilton county at 12,000.

Two hundred and seventy-five precincts out-

at 12,000.

Two hundred and seventy-five precincts outside of Cincinnati give: Bushnell, Rep., 41,116; Campbell, Dem., 31,774; Ellis, 1,011; Coxey, 2,439; Watkins, 157. The same precincts in 1893 gave: McKiniey, Rep., 40,796; Neal, Dem., 32,647.

32.647.
CLEVELAND, O., Nov. 5.—Forty precincts in Cleveland give Bushnell 4,553, Campbell 3,319. Democrats concede the election of the Republican county ticket by 4,000.
FINDLAY, O., Nov. 5.—Returns from a majority of the precincts indicate that Hancock county will give Bushnell over 1,000 plurality. The Senate candidates in the Thirty-third district will have nearly as much and the anti-

NEBRASKA IS REPUBLICAN. In Omnha the Republican City and County

ONAHA, Nov. 5.- Nebraska voted to-day for one Justice of the Supreme Court and two Re gents of the State University. The campaign has been the most quiet in the recent history of the State. The Republicans claim the State by from 15,000 to 20,000. The weather was threatening, and in some

parts of the State rainy, which will make the vote very light. The fight was between a combination of disaffected Republicans and Democrats against the Republican A. P. A. ticket. The contest for Mayor was between Brown, Democrat, and Broatch, Republican, Nearly complete returns indicate that the Republican city and county tickets have been elected by about 1,000 plurality.

Not onestenth of the voting precipate in the complete returns indicate that the Republican city and county tickets have been elected by about 1,000 plurality.

Not one-tenth of the voting precinicts in the State had sent in even partial returns up to 11 o'clock. Reports are mainly from county seats, with a few estimates on outlying precinics, and these indicated a material falling off from the vote of 1893, with which comparisons are made. The loss to each party is about the same, and unless radical changes occur in outlying counties the Republican State ticket will be elected by average pluralities of 13,000. The Republican State ticket will be elected by average pluralities of 13,000. The Republican State Central Committee makes its estimate in the face of scattering returns a triffe higher, while the Populist Chairman contends that Maxwell, for Supreme Judge, still has a fighting chance.

Incomplete returns show that Norval (Rep.) has carried the State by about 29,000 over Maxwell (Pop.) for Supreme Court Justice. In Omaha the Republican ticket, backed by the A. P. A. has beaten the combined Democratic and Citizens parties by 1,000 to 2,000. W. J. Broatch (Rep.) being elected Mayor by about 1,000 votes over C. H. Brown, Democrat and Citizens. The county has also gone Republican by about 2,000. It looks like the election of every Republican nominee, even the famous Judge Scott pulling through.

Th Scuntor Denounces the Republican Papers that Assailed Him in the Campaign. CANANDAIGUA, Nov. 5.-The Republicans of Canandaigua to-night are celebrating the elec-tion of John Raines to the State Senate, and

Brake Is Elected Governor Over Habb by More Than 70,000 Majority. DES MOINES, Nov. 5 .- lows returns come in slowly, as the polls generally remain open till 8 Reports from the State indicate a gen-

o'clock. Reports from the State indicate a generally light vote.

Scattering reports, however, show that through the State the Republicans have gained and the Democrats lost, despite the falling off in the total vote. The Populists will, from indications now at hand, double their vote of 35,000 a year ago. Last year the head of the Republican ticket carried the State by 79,000. These figures will about be equalled by Drake, Republican, for Governor. The Republican State Committee claims 75,000 as the lowest plurality for Drake. The Legislature will be overwhelmingly Republican.

The State Register, at 9:30, estimates that the plurality for Drake, Republican, for Governor, will be 70,000.

Thirty-five precincts give Drake, Rep. 3,633, and Babb, Dem. 2,500. This is a net Republican and State Committee says that if the present ratio of gains continues Drake has 75,000 to 30,000 plurality.

GORMAN LOSES HIS FIGHT.

Maryland and Baltimore Both Go Republi enn-Lownden's Plurality for Governor About 20.000-Legislature Republican

BALTIMORE, Nov. 5 .- This was not Senator Gorman's day. The disaffection in the Demo-cratic ranks and the bitter war waged by the newspapers of Baltimore against the Senator resulted in the defeat of the Democratic State and the scratching that has been done, the count was very slow, not only in this city, but through out the State. On returns received at 10 o'clock it was seen that the Republicans had won the fight in the city as well as in the State, electing their State ticket, headed by Lowndes for Governor, Graham for Comptroller, and Claibaugh for Attorney-Gen-

cral. The Legislature will be Republican.
Lowndes carries Baltimore by not less than
3,000 and the State by 20,000. The Republicans will again control the City Council, and as they now have undoubtedly elected their Mayor also there will be a complete change in the city

The vote was the heaviest in ten years, not only in this city but throughout the State. All day the excitement was intense in this city. The Reform League watchers at the polling booths incurred the dislike of the ward workers at the outset. Their objections to Democratic voters and frequent challenges led to many disturbances. As a result Prof. W. A. Bliss of the Woman's College, Lee Bonsal, A. S. Miles, W. A. Pleasants, and T. S. Bonsal were assaulted and badly used up. A policeman was shot in the foot while taking a prisoner to the station, and a Democratic voter was shot in the breast but not seriously hurt by a Republican voter, who said the Democrats first attacked him.

The day was the most exciting Baltimore has known since the war. Violence and disorder were the features throughout. The Police Comissioners and Police Marshal Frey in one instance admitted their helplessness and encouraged an appeal which was subsequently made to Mr. Henry Williams, the Democratic candidate for Mayor, to interfere in favor of

suppressing disturbances. Mr. Williams readily responded by saying that he would not accept the office if he were elected by fraud, and he at once set out to influence Mr. Hurst, the Gubernatorial candidate in the same direction. Their combined efforts had a salutary effect.

The disturbances, however, called forth a protest against the slipshod methods of the Police Department. The Hon. George L. Wellington, Chairman of the Republican State Central Committee, called the attention of Marshal Frey to the police dereliction. Mr. Well-ington in a letter to Marshal Frey, said:

"If you do not perform your duty I will make It known to the people of this city and State, and put you in the pillery of public opinion for having assisted the criminal element in preenting a fair election."

Notwithstanding the stringent orders of Marshal Frey, most of the saloons of the city were wide open, and a great deal of drunkenness characterized the day. Many arrests were made, an occasional shot was, fired ballot boxes were smashed, and registration books torn to bits. The day closed, however, without political death record. The negro vote was unusually heavy, and it is

safe to say that many of them voted more than

He Carries Detroit by More Than 10,000 DETROIT, Nov. 5. Complete has been the victory which Mayor Pingree won over his oppo-

Two years ago he defeated the most popular Democrat in Detroit by almost six thousand majority, but to-day he defeats the Socialistic Labor candidate nominated by the order of Don M. Dickinson by more than 10,000 majority, and he carries with him twelve and possibly thirteen of the Aldermanic candidates of the thirteen of the Aldermanic candidates of the sixteen wards of the city. It is certain that the Pingree Aldermanic nominees have carried every ward except the Fifth, Seventh, and Ninth, and the Fifteenth is yet in doubt.

There was at no time any doubt about Pingree's election, but his majority was stated at between five and seven thousand, and when he surpassed this the streets became full of shouting, exulting Pingree men. Huge bondres blazed in every public square. The City Hall was crowded with men auxious to compliment the only man in Detroit who had won four terms.

terms.

Never before, even on the occasion of a national election, has such a scene been beheld in Detroit, and the men who were fortunate enough to bear the Pingree stamp of approval are congratulating themselves to-night that they had the Mayor back of them. It was simply a case of Pingree against everybody, including Don M. Dickinson and the Socialistic Labor forces, and the Mayor has won.

Dickinson and the Socialistic Labor to the Mayor has won.

One hundred and ten out of 111 precincts give him a majority of 10.425, as against 5.800 in 1893. The Mayor, in an interview after the yote was known, said that it was simply a victor of the ments. tory for the people.

THE ELECTION IN UTAH.

It Was for Statehood, a Congressman, State

Officers, and a Legislature. SALT LAKE CITY, Nov. 5. - Utah voted to-day for Statebood, for the new Constitution, and the first State officers. They consist of Governor, Secretary of State, Attorney-General, Auditor, Treasurer, Superintend-

sist of Governor, Secretary of State, Attorney-General, Auditor, Treasurer, Superintendent of Public Instruction, Congressmen, three Supreme Court Judges, and a Legislature which will be entitled to elect two United States Senators. The candidates for Governor are Heber M. Wells (Rep.), John T. Calue (Dem.), and Henry W. Lawrence (People's party).

Nineteen precincts give Caine (Dem.) for Governor 493, Wells (Rep.), 463; Roberts (Dem.) for Congressman 508, Allen (Rep.) for Congressman 508, Allen (Rep.) for Congressman 527; for Statehood, 511; against, 71.

Twenty-four precincts give Caine 747 and Wells 869; Roberts, Dem., for Congress, 772, and Allen, Rep., 853.

For Statehood, 538; against, 71.

It is predicted that Statehood will be carried by from 10,090 to 13,000.

No returns have been received yet on which to base an estimate on the State Legislature.

Sufficient returns have not yet been received to show with any degree of certainty what the result will be, but present indications are that the vote will remain substantially as it was last year, except that the Populist vote for Lawrence for Governor will cut down Wells's majority, if not wine it out altogether, and that Roberts, Democratic candidate for Congress, will run ahead of his ticket and materially reduce Allen's majority. The Republicans will apparently control beth branches of the Legislature.

The Constitution is adopted by an overwhelmapparently control both branches of the Legis-lature.

COLORADO'S ELECTION. The Republicane Defeated in the Larger

DENVER, Nov. 5 .- The elections in Colorado vere for county officers. A light vote was cast n many countles, due to a snow storm lasting most of the day. In the three larger countles. Arapahoe, El Paso, and Pueblo, the Republican party seems to be defeated.

In Denver the interest in the election was intense, and the fusion ticket will probably win, Armstrong for Sheriff is certainly elected over Webb, the Republican candidate. The women yoted about as generally as the men.

Biggest Majority of All.

IS GROUT ELECTED MAYOR?

BOTH PARTIES CLAIM TO HAVE CARRIED BROOKLYN.

Kings County Gives a Majority to the Democratic State and County Tickets-Result as to the Mayoralty in Doubt.

There is no certainty as to whether Edward M. Grout, the Democratic candidate for Mayor of Brooklyn, was elected yesterday, or his Republican opponent, Mr. Wurster. At 2 o'clock this morning the figures were being held back presumably in the interest of Mr. Wurster. The latest figures given out at Police Headquarters were for 413 of the 625

election districts. These gave Warster 47,993 votes and Grout 46,808, making Wurster 1,185 The Shepard vote for these districts was only 5,277. A leading Republican, however, confessed his belief that the men in charge of the figures were hoping against hope, and were making sure not to make any mistakes by going

very slowly. He thought the Republicans were whistling to keep up their courage. The Democratic managers, who had been collecting official figures all night, gave Grout a plurality in the 413 districts heard from, and insisted that he was elected.

The Democrats carried the State ticket by about 5,300 plurality, and they also carried nearly all their local ticket in Kings county. In Brooklyn there was very little excitement attending the election, except in the Tenth ward and in the Thirty-first ward, formerly the Gravesend territory, where John Y. McKane met his Waterloo two years ago. In the Tenth there was a clash between the McGarryites and the kicking Democrats under the leadership of Assemblyman John A. Hennessey, but the polls closed without any bloodshed. In the Gravesend ward the men who still swear by their failen chieftain revenged themselves on Mr. Grout, who aided materially in sending him to Sing Sing, by coming out almost solidly for the Republican candidate. "Bob" Sutherland, a brother of "Kenny" Sutherland, who is a companion of McKane's in Sing Sing prison, bus-

On all sides it was admitted that it was the fairest and cleanest election ever held in Brooklent voting, and if there has been any colonization or bogus registration the police authorities have been unable to discover them. The solitary conspicuous arrest was that of Col. Charles B. Morton, a leading Republican statesman, for interfering with voters in one of the election districts in the Twenty-fifth ward. He was promptly bailed out by Police Justice Harriman,

tled around all day in search of votes for Wurs-

pending examination.

The vote for the candidates for the three Supreme Court Justiceships for the Second Judi-cial District, which includes eight counties in addition to Kings county, was not tabulated last night, and the result will not be known probably until this evening. Martin J. Keogh, James W. Covert, and Joshah T. Marcan were the regular Democratic candidates, and Keogh and Covert were also on the Shepardite ticket. The Republican candidates were Hugo Hirsh, William D. Dickey, and Wilmot M. Smith. The Shepardites endorsed Smith, and he led the ticket in every ward in the city, and his algetion is conceded. Although Mr. Marcan's had been put at the tail of the judiciary ticket, instead of at the head, through a piece of trickery, he made a fine race and drew largely from the Hirsh vote all over the county. Hirsh's election, however, as well as his associates, is altegether probable.

The Democrats elected these candidates on their county ticket: night, and the result will not be known probably

The Republicans will retain control of the Board of Aldermen, because the seven districts correspond to the Senate apportionment, which was so gerrymandered that the Democrats might carry the city and county at large by even sweeping majorities and still be in a hopeiess minority in the Board of Aldermen. The count was not completed last night, but this is how the new Board is likely to stand:

First District—Martin F. Conly, John J. Dunn, John Guilfoyle, bennis F. Dunne, Beinocrats.

Koozer and Gingery Swept Into Office-Democracy Triumphant in Pennsylvania.

To the factor of The Sex.-Sic: Election day weather could not have been improved upon had it been made to order. A large vote is the result in this grand old Democratic county. Your especial favorities on this year's Democratic ticket, the Hon, Bine Koozer and the Hon, Dorsey J. Obnzery are without doubt eelected to the important offices of Register and Recorder and Clerk of the Court, respectively. Prote Pumpkin Ridge and Gazzam to Drum Lick and Grass Flat, from Hemiock Store to Buttermilk Falls, from the Glaub Place on the north to Jacker Campbell's on the south, the war cry of Koozer and Gingery rent the balmy sir, and the ballots of the unterrified simply smothered their unlucky opponents. KENTUCKY GOES REPUBLICAN.

Bradley Elected Covernor by a Plaral ity of from 5,600 to 10,000 - The

Legislature Also Probably Republican LOUISVILLE, Nov. 5 .- At midnight the election returns indicate the election of Bradley for Governor by a plurality ranging from 5,000 to 10,000. Democrats hope that Hardin may pull through yet, but the Democratic majorities are being so steadily reduced in their big counties and the Republi cans are gaining so much in their own strong holds that it hardly seems possible to save the State's record of thirty years' unbroken Democratic victories. The election has gone off very quietly except that there was an incipient riot or two in this city between excited A. P. A.'s and Catholics. Nobody was hurt, but at one place fifteen or twenty shots were fired.

The Republicans made almost a clean sweet

in Louisville. Their majority in this city and Jefferson county is about 4,000 votes. The only men the Democrats saved were three school trustees and one member of the Legislature, A J. Carroll, Speaker of the last House. Mr. Carroll's opponent, Charles Shreve, the Republicans charge, was bribed off the track. He retired several days ago, but gave his party no notice. In this city the A. P. A. element combine with the Republicans and carried everything

before them, electing the Board of Alderme and nearly half the Board of Councilmen. It seems almost certain that the Republican have carried the Legislature, as they get a bit start with the eleven members in Louisville and Jefferson county.

This means a sharp fight between several Republicans for Senatorial honors. Congressman Evans and Mr. A. E. Willson of this city, John W. Yerkes of Danville, and Mr. Bradley are spoken of already for the honor of succeeding

Joe Blackburn. Democrats have been greatly disappointed in the southern part of the State. The Second district only gave 1,000 plurality for Hardin when 6,000 had been expected, and so on. At mid-night Chairman Hunter of the Republican Committee claimed Bradley's election by 15,000 plurality. Secretary Forrester put it at 7,000 or 8,000. Chairman Long claimed it for the Democrats by a small majority. Bradley carried his own county, Garard, by 292. Hardin carried his, Mercer, by 77.

LEXINGTON, Ky., Nov. 5.-The State has gone for Bradley, the Republican candidate for Governor, by 3,000. Silver did it. Senator Blackburn, who is a candidate for reflection to the upper House of Congress, has been preaching free silver from one end of the State to the other and Wat Hardin, the Democratic candidate for Governor has done the same, repudiating the platform adopted by the Democratic Convention. These two men have fought sound money in every town and county in the State. They arrayed the sound money Democrats against them, and to-day's tremendous landslide is the

The Populists did not poll as large a vote as was expected, but the A. P. A.'s, against whom the Democratic Convention passed resolutions,

Bradley has gained more largely in the mountains than in the thickly settled parts of the State. There has also been a heavy gain in the Republican vote for Representatives, and while no definite information can be given, the returns received up to this hour, midnight, indicate that the Democratic majority in the next Legislature will be very small, if the Republicans do not have a ma'ority themselves.

Martin Elected Chief Justice by About 20.

Topens, Nov. 5. There was a very light vote polled in Kamas to-day, probably not to exceed 240,000, or 60,000 less than last year. Little interest was taken in the contest for Chief Justice, David Martin (Rep.) as generally considered a sure winner, but the returns from the few precincts heard from indicate that the vote for Charles K. Holliday, indicate that the vote for Charles R. Holliday, independent free silver candidate, will be much larger than was anticipated, the Popullats generally voting for him. Martin's majority may be reduced to 20,600.

In this county Holliday will cut down the usual Republican majority by more than 2,000, but he does not expect to do as well elsewhere. Out of eight district Judges the Republicans will ciect five and the Popullats and Lettnerats there, being a loss of two to the Republicans. three, being a loss of two Returns are coming slowly.
